

# Be your own...

Youth  
in mind

Using our handy blank template, why not create your very own comic book! Will you be a hero or a villain? It's a fun way to get creative and encourages reading, writing and drawing!

- **Pick your characters!** You could draw yourself, your friends, or even your pet dog! It can be based on people you know, or someone made up!
- **Think of a good story!** What will happen to your characters? Will they have fun, fight or fall in love?
- **Plan out what you will put in each box!** You can print off more blank sheets if you need to and make an extra long comic!
- **Grab your colouring crayons and start drawing!** The more colourful the better! And don't forget to add a few sounds effects, like POP! or BANG! to help tell the story!

Share what you make with us!
